Docket No. 98N-1265 8568 '99 APR 20 AM 1:30  
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My doctor has prescribed my medication for me, and since I am monitored by my doctor, I resent even the possibility of my losing the opportunity to purchase my prescriptions when I choose. This is just another example of how out of touch the Bureaucracy of the FDA has fallen with the support of our government who tend to work more and more against the good will of the people. I OPPOSE VIGOROUSLY the Draft M.O.U. being proposed by the FDA!!!
